

SWD President's Letter

February 9, 2016

Dear Presidents,

Last month seems just a breath away and I am just as busy as during the holidays. Hopefully each of you are enjoying a break from all the bustle of the late fall.

Our board is still looking for someone to take on the position of Treasurer, VP of programs, and VP of Newsletter. Barb Moran has been filling in for the newsletter the past few years and each board member has helped with programs, but we really need to have a person in the Treasurer's position. Please consider helping us out. Our current secretary would consider the treasurer position, but then we would definitely need a recording secretary. Our search for candidates has left each of us feeling a bit hollow. Is it possible that the SWD is coming to an early demise? Think about it, your board certainly has.

By now each of you should have received the Spring General Meeting Invitation so that you know who the speakers are and the topics that will be presented. We do have a bylaws change to vote on so be sure that you are familiar with the change. It will be in the Newsletter, however, you may review it on the MAHA website at www.mahaonline.org. The president and one other auxiliary member may be voting delegates.

The MAHA committee meetings and board meeting were held in Lansing last week. A great deal of work was accomplished. One item of interest is the Highlights articles from each district. The president will no longer have to rewrite them. Apparently our readers prefer the original text from each president.

I am still traveling and still enjoying it. My trip to St. John's was postponed and rescheduled for next week, February 17. I am looking forward to meeting the members there. I will be on vacation in March, so probably will not travel again until April.

See you at the meeting. Think Spring!

Sincerely,

Marlene Sebastian
