

UPD April Newsletter 2015

Greetings Yoopers!

Last week I attended the MAHA meeting in Lansing. That's Michigan Association of Healthcare Advocates. This is a group of people made of officers who work their way up the ladder and I do mean work. This also includes all of the Presidents of the districts: for example I serve as President of the Upper Peninsula District and the others for the Lower Peninsula. I did not realize at the time I agreed that I would be driving down to Lansing for these meetings but have come to respect these people who do indeed work hard and they are a lovely group.

This is the best opportunity to remind everyone about the upcoming District Meeting in Munising on May 13 and 14, 2015. There are several speakers on board and it will be interesting. It is important to get your registration in so they know how many to expect. Your president has been sent all the information and can get a copy for everyone.

Following that will be the Annual conference in June on Mackinaw Island. The dates are June 9, 10, 11, 2015. The Highlights Newsletter is out now on the MAHA website and you can download and print it. These abilities have been made available this way to cut down on expenses. The site is Michigan Association of Healthcare Advocates. www.mahaonline.org You will find the registration for Annual Conference within the Highlights. We are hoping to see all of you there. There will be great speakers and entertainment. We learn through entertainment.

The next deadline for Highlights is July 1, 2015. Please get all information in by that date. Actually that is the date that it needs to be sent in to Patt Luomala. Therefore, it would be hopefully received by the president before that in order to compile all the information.

Looking forward to seeing you in May in Munising. Happy Volunteering.

Ray Berg

President UPD
