

February 2015

February is an unforgiving month and as I write this I am surrounded with white stuff as we call it. Yesterday and today we are under a Winter Storm Warning and it is bleak out there. Nice to have the computer to correspond with the outside world. If only this one were reliable.

The Highlight information was sent in to the proper person on February 1. There was one that arrived after that time and I am sorry to say I was unable to use it. There were extenuating circumstances there.

Debbie Northrup is the incoming President of the Upper Peninsula District and she has been invited to the April MAHA meeting downstate. This will be extremely beneficial for her. Debbie will do a fantastic job and I believe she will enjoy it immensely. She will be installed at the Spring meeting in Munising. I hope all of you will make the effort to attend the meeting. Invitations should go out soon. The dates are May 13 and May 14, 2015. That's a Wednesday and a Thursday.

At his point I must say that there is no one to be serving as President –Elect during this upcoming time. My hope and concern is that each of you as an organization will make a concerted effort at the next meetings of your club to find someone capable to serve in this office and report to Mary McCleary at Northstar in Iron River or to myself. It is vital to have someone on-board as soon as possible. We would hope to have these names available before the installation so that they might be installed at the same time.

When you receive your copy on-line of the Highlights, then please send it forward to others in your group or make copies and distribute to the club. Highlights not only serves as a provider of information but as examples of "How-To" for many things which are revealed inside the pages. Please read carefully and pass on.

When you come to the Spring meeting we are asking everyone to bring along used Cook Books. These are sold and the funds are used to support the Legislation Representative. Also we are asking you to bring along those little bottles of toiletries that may be used at Beacon House. A lot of us have taken advantage of Beacon House when loved ones became ill.

I hope to see a group from each organization at the May meeting in Munising.

Ray Berg UPD President
